## How to add a Quick Scan Stock Item to the Offline Till

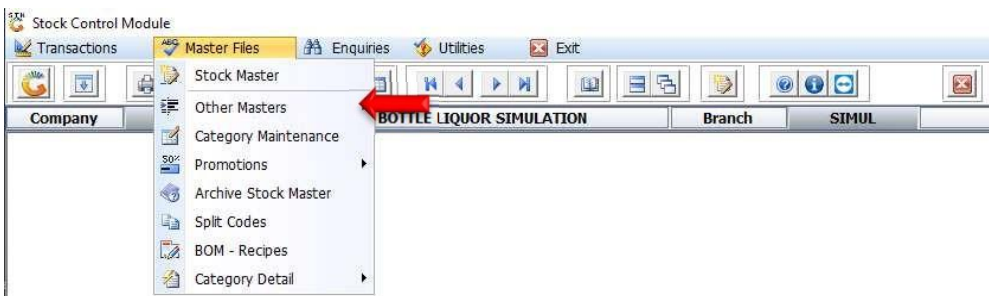

1. Log into Genesis Menu
2. Open **Stock Control** from the main menu

3. Select **Master Files** from the main menu

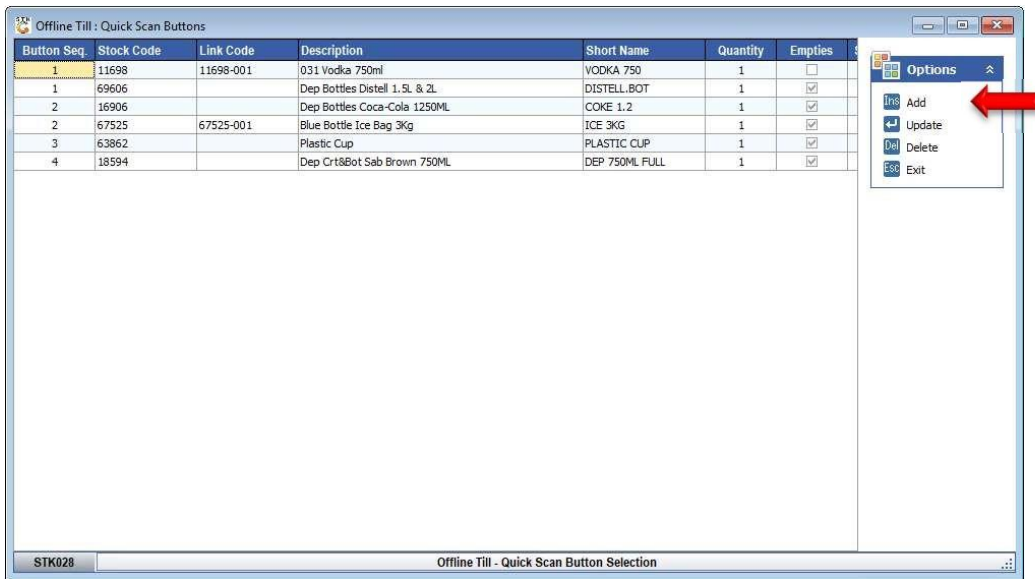

4. Select **Other Masters** from the drop-down menu

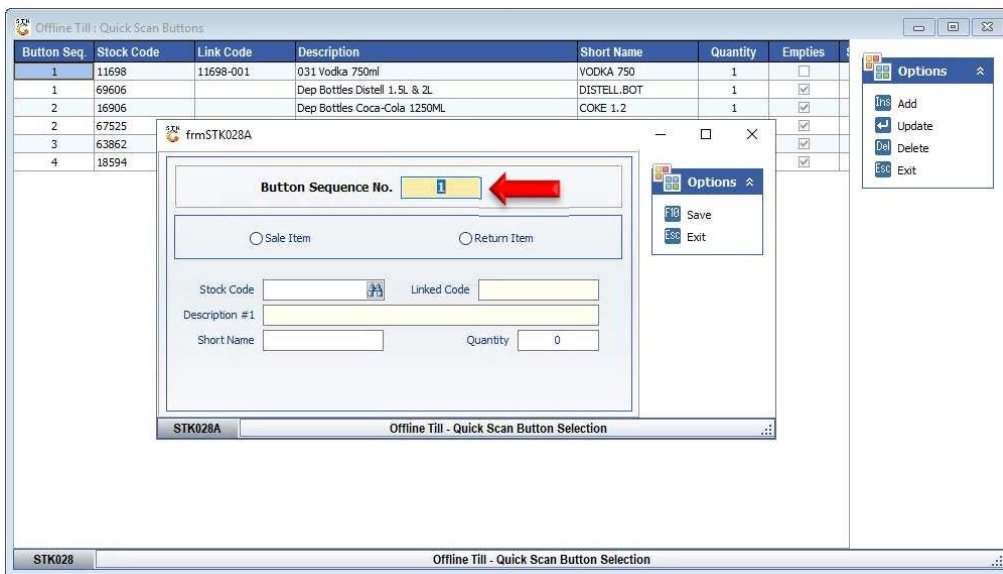

5. Select **Offline-Till Quick Scan Items** from the side menu

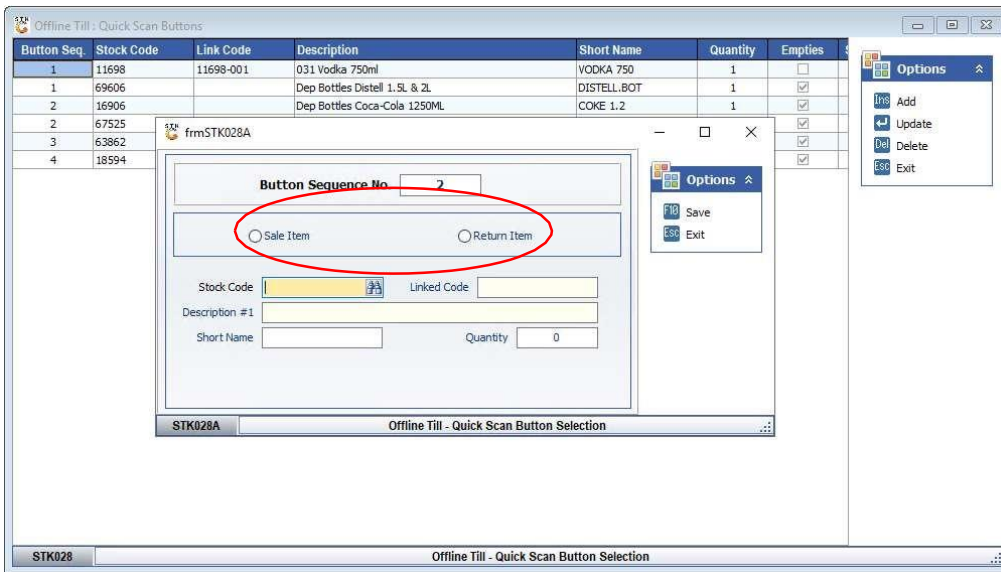

6. Press **Insert** on your keyboard or click on **Add** under the Options menu

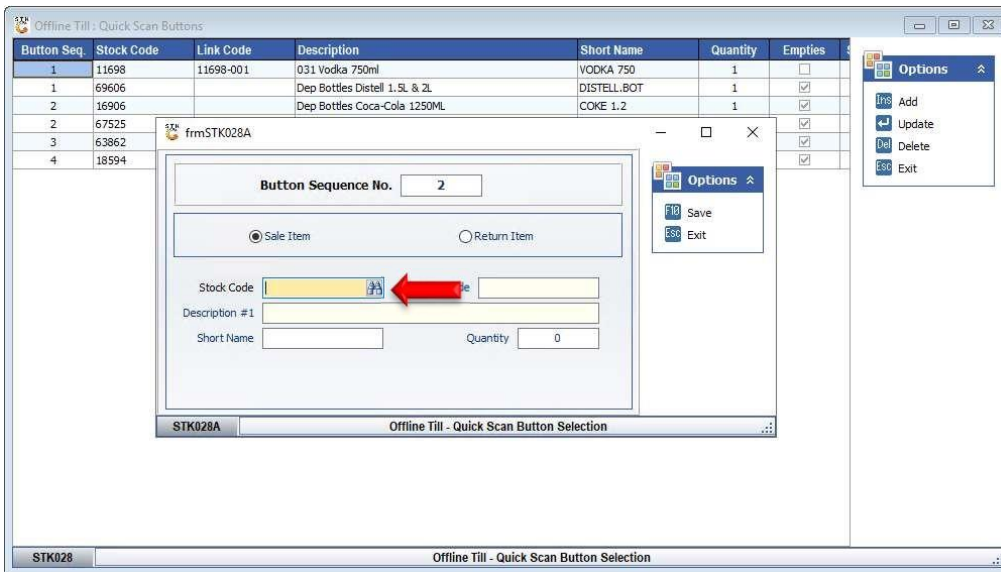

7. Capture the **Button Sequence No.** that will determine the position of the stock item on the Quick Scan Menu of the till.

8. Select either **Sale Item** or **Return Item** depending on where you want to add the Quick Scan Button

9. Capture the **Stock Code** and press **Enter** on your keyboard. You may also search for the stock item by clicking on the  button next to the Stock Code field.

10. Click on the stock item in the grid and press **Enter** on your keyboard or click on **Select** under the Options menu.

You may also use the search functions under the Search Options to trace the stock item to be added.

The screenshot shows a window titled "Select a Stock Item" with a grid of stock items. The grid has columns for Stock Code, Link Code, Description #1, Selling Excl., Selling Incl., Suppliers Code, Barcode, and Dept. The first row is highlighted in yellow. To the right of the grid is an "Options" menu with a red arrow pointing to the "Select" option. Below the "Options" menu is a "Search" menu with a red circle around it, containing options like Stock Code, Description, Generic Desc, Department, Barcode, Suppliers Code, and Restore Grid.
